

## 40640 CORTEZ II

The Cortez II is a sleek, geometric motion collection. Designed with a discreet reclining function, the flowing, wide track arm extends to the back cushions, while the frame sits on an espresso wood foot. Wide seats and a low profile create a bold statement either as a sofa or sectional. Adjustable headrests allow the Cortez II to maintain a low profile, while still offering the ideal support when reclining. The Cortez II collection is tailored with top stitching that accents the lines of the style. A power toggle switch or manual latch lets you operate the reclining function and change angles with ease. This modern style works well in any transitional or contemporary space.
